

The government is providing additional PE & Sport funding for the academic year 2016-2017 to continue improving provision of physical education (PE) and sport in primary schools. Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

At Hoxton Garden primary school we are committed to ensuring our children understand the importance of being active, having a healthy lifestyle and enjoy sports and games activities. In 2016/17 we will invest this money in:

- Using specialist PE teachers or qualified sports coaches to work with our teachers when teaching PE
- paying for professional development opportunities for teachers in PE and sport
- teaching resources to help teachers to teach PE and sport
- providing cover to release primary teachers for professional development in PE and sport
- providing places for pupils on after school sports club
- pooling the additional funding with our partner schools to enable interschool competition
- Providing pupils with opportunities to take part in a wider variety of sports and outdoor activities which would not usually form part of a primary curriculum.

Sports & PE Funding 2016-2017

Number of pupils and sports funding received	
Total number of pupils on roll eligible for Sports & PE Funding	237
Amount received per pupil	£38.76
Total amount received	£9,185

Deployment

The following costs are not exact but a near estimate at the time of calculations.

Use of funding (Please see attached breakdown of Expenditure)	Total amount of funding allocated to Sept 16-Mar 17	Total amount of funding allocated to Apr 17-Aug 17
Hiring specialist PE teacher (James Mulvany)	£1,752	£1,095
Hire qualified sports coaches to work with Teachers	£640	£402

Providing a range of coaches and activities during our Keeping Healthy Week.	£440	£675
Total expenditure	£5,358	£3,827
Overall Total Grant expenditure		£9,185

Impact

The school will measure the impact of the sports fund grant spending at the end of 2016/17 through pupil interview, evaluations completed by the sports coach and analysis of attendance at clubs and activities.

Impact in 2015/16:

- All of our class teachers had the opportunity to work with a specialist sports coach to develop their skills in teaching physical education including 1:1 coaching and whole school training. A log of the areas covered demonstrates a wide range of skills and techniques being shared and modelled with teachers showing increased confidence in teaching key skills in these areas and teaching from our school curriculum.
- All pupils took part in a Keeping Healthy Week which provided opportunities to take part in activities such as Yoga, dance, capoeira, handball, tennis, hockey, as well as athletics and team games. The pupil evaluations of this week were overwhelmingly positive.
- Interschool sports competitions were organised by the specialist teacher which led to our pupils competing with children from other schools in different sports.
- Lessons were well equipped and our pupils benefited from a range of sports games and activities both in lessons and in the playground including cricket and handball.
- Affordable after School clubs run by sports coaches in a variety of dance styles, kung Fu, football and basketball were run every week and very popular. Pupil evaluations were highly positive and these sessions were made accessible for all through subsidised pricing.
