

Year 6

Year 6

Our new themes will be transport and holidays. We will continue to speak and write in sentences and paragraphs, using different parts of the verb.

We will also reinforce our opinions.

All pupils are encouraged to take an active and creative part in lessons through memory games, songs, pair, group and team work. The children develop language skills by discussing similarities and, differences and making links with other languages they already know.

Why not encourage your child to teach you some of the words, phrases and songs he or she already knows?

At **Key Stage 1** pupils will be responding to the language and speaking with support. In **Key Stage 2** pupils will also be taking part in questions and answers, role-playing, reading and writing words in Spanish.
