

**Dear Parents and Carers,**

A very warm welcome back to all families. We are delighted to be able to open the door again to our children. It has been exciting to see children engaged in new learning after the partial closure and the long summer break.

We recognise that the transition back to full time schooling comes with challenges for us all. We have worked hard to ensure children can access school safely and we appreciate your support as we have worked to improve systems this week. Thank you for your understanding, patience and feedback.

The children have adapted well to their new year groups, new classrooms and new teachers. The school staffing profile is included on the back of the newsletter and a full staffing list is available on the website. From Monday you will also be able to access short 'meet the teacher' videos on our school website to hear more about the new school year and the year group learning taking place this half term. You will also receive the half termly curriculum newsletter in book bags.

We are committed to ensuring that children receive a broad curriculum as well as ensuring pupils catch up quickly on the lost learning as a result of school closures earlier this year. Our PSHE curriculum has been adapted in line with new statutory guidance meaning children will learn that mental wellbeing is a normal part of daily life. This will go hand-in-hand with content on nutrition, the importance of staying active, and recognising the early signs of physical illness meaning children better understand how mental and physical health are linked.

As well as reading our fortnightly newsletter, please also follow us on Twitter and Facebook and add our website to your 'favourites' to learn about all the exciting things taking place in school.

We look forward to working in partnership again with you this year.

## WE'RE BACK!

It's so fantastic to see and hear our children and families back in school this week. Its been a smooth start to the term and all children have settled into school life and learning very quickly. New climbing frames have been installed in two playgrounds and are proving to be very popular!

## WELCOME TO OUR SCHOOL

We warmly welcome our new nursery and reception children and their families this week. They settled in well and enjoyed the many activities to support this. The children

enjoyed painting their family portrait and exploring the play equipment outside. Well done on a great start!

## TIMESTABLE PASSPORTS

As part of our recovery Curriculum, children are rehearsing key skills including timetables.

To support with their learning, children have a timetable passport so they

can track their progress and we can celebrate successes. Please look out for this in your child's home school diary!

We are very fortunate to have a dedicated team of staff who are committed to ensuring the best learning opportunities for our children. This term we welcome four new members to our teaching team and welcome back many familiar faces too.

Last week all staff attended two days of induction and training in order to prepare for the new academic year. As well as revisiting our vision, values and core routines, staff also discussed the COVID secure risk assessment, mental health, well being and the key learning for the new term.

Children will be working in 'bubbles' meaning they will learn, play and eat with peers in their year groups only. These arrangements follow government guidance and will support in keeping children safe.

Our staff will be in the playground each morning and afternoon however we are asking parents to enter and leave school site promptly to help keep our community safe. If you need to meet with the teacher, please support us by calling the school office who will organise an appointment for you.

## ATTENDANCE

Regular attendance at school promotes pupils' well-being, maximises progress in learning and helps pupils reach their potential. We are very proud of the achievements and progress of our pupils and are passionate about a child's right to an education. Attendance for all children is monitored weekly with the school seeking to work in partnership with parents to achieve above 97%. A huge thank you to all families for supporting children's readiness to return to the classroom this week!

For the week Monday 7th to Friday 11th September 2020, we have achieved **95.5%** overall attendance. Well done Hoxton Garden!

## COFFEE MORNINGS AND DROP IN SESSIONS

We have a range of coffee morning themes planned across the term and these will be available via video link. We hope that you will be able to view these and find these a useful tool for keeping in touch with the school. In addition to coffee mornings, Parent Drop In sessions will be launched every second week. We will be offering you an opportunity to meet with a member of the Inclusion Team to talk about learning, well being and home support. Appointments can be made by telephoning the school office.
