Agenda Items: Supporting our families

Point Number	Item	Opinion	Action
1	<p><u>Families Week!</u></p> <p>What does 'family' mean to you and why is it important?</p> <p>What would you like to learn and do during Families Week?</p>	<p>Family means: supporting each other during difficult times, being loving and caring, teaching each other how to be better people, giving advice, being a role model, protecting each other, spending time with one another, being there no matter what.</p> <p>To share photos of people and pets in our family, we can then discuss why these people and pets are important to us.</p> <p>To bring in something special which signifies the importance of our family. These items could be from a family holiday, a toy or a gift from a family member. However, these items should not be too expensive because we would not want them to become damaged or lost. This is because they are priceless and irreplaceable.</p> <p>We could learn more about our families and their culture, interests and experiences. This could be completed for homework.</p>	<ul style="list-style-type: none"> - Class teachers to use circle time sessions alongside their PSHCE lesson to complete activities and discussions surrounding Families Week. - Class teachers to set some homework to allow children to write about their families and why they are important. Some children could also interview a family member.
