

Year Five

Autumn 1

Curriculum Newsletter

Dates for your diary

- Meet the Teacher: Week Beginning – Monday 13th September
- Bring a Dad/Significant Male to School Day: Wednesday 29th September
- World Week and Technology Day: Week Beginning Monday 11th October

PE

Orchid PE day is Wednesday
Foxglove PE day is Wednesday

Please ensure your child has the correct PE kit in school on their timetabled PE days. It is advised your child keeps their kit in school throughout the week in case of any timetable changes. Children must have a full PE kit (a white t-shirt, green or black shorts and plimsolls) to ensure personal hygiene and safety.

Swimming

Orchid swimming day is Friday (pm)
Foxglove swimming day is Monday (pm)

Homework

Children in Year 5 should spend a set time each day completing homework to ensure good routine. This should include:

- Complete the weekly literacy and numeracy tasks which will be set on Thursday and should be returned on Monday.
- Reading their home reading book for 15 minutes each evening (please sign the diary to show this has been completed).
- Learn their weekly spellings which will be set on Thursday and tested on the following Friday.
- Learn their times tables to 12 x 12.
- Access the home learning sites Rockstars and Mathletics

Dear Parents and Carers,

Welcome back to another exciting year at Hoxton Garden Primary School.

After a couple of disrupted school years, we are looking forward to a returning sense of normality and for our doors to be fully open to you once again.

Please feel free to speak to us about your child's progress or any concerns you may have.

Information about what your child will learn this half term is on the inside of this booklet.

We look forward to working with you and your child.

Best wishes,

Year 5 Team

Our topic this half term is The Anglo Saxons

Literacy

As writers we will be reading the traditional tale of Beowulf, as well as other myths and legends, writing our own tales based on what we have read using an increasing range of vocabulary for effect. We will also use our scientific knowledge of how the ear works to write comprehensive explanation texts.

Recommended Reads

Wolf Brother by Michelle Paver
The Wolf Wilder by Katherine Rundell.

Art and Design Technology

In Art & Design we will develop weaving techniques to make a practical design. We will be using our knowledge of the Anglo Saxons as inspiration.

In Design Technology we will create a free standing photo frame structure, exploring a range of techniques for joining.

Mathematics

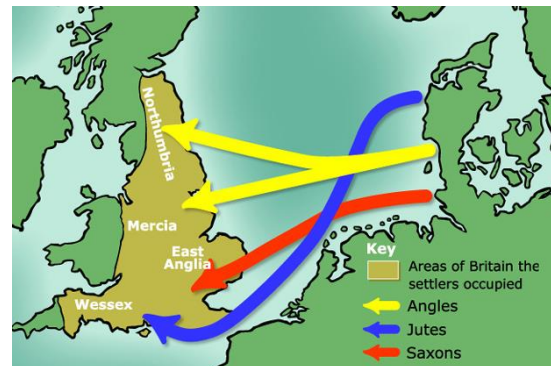

As mathematicians we will be developing our knowledge of number, focusing on place value and number properties. We will be improving our written and mental methods for addition and subtraction and consolidating our knowledge of the multiplication tables. We will be building on our problem solving and recall skills.

Music

As musicians, we will focus on notation, using recorders as our primary instrument.

History

In Humanities we will be looking at the history and origins of the Anglo Saxons, including Alfred the Great, using artifacts and images to answer questions and identifying changes over time. We will learn about the key historical events of the Anglo Saxon period and the effect these events had on people.

Science

As scientists we will be learning about sound and how it travels. We will be looking into how sound is affected by different materials and the way in which the ear works. We will find patterns between the volume of a sound and the strength of the vibrations that produced it recognise that sounds get fainter as the distance from the sound source increases.

RE: Creation Stories

PSHCE: Being Responsible

ICT

Using Scratch to create a computer game.

Physical Education

As physical learners we will be learning to develop control of rackets and learn the techniques and skills needed to effectively participate in a game of tennis. We will spend time evaluating technique and strategy to improve performance.
