Dear Parents and Carers,

Welcome back and a very happy new year to you all. The Spring Term sees children starting new topics, and you will receive news of these in class newsletters which outline each theme and the areas to be covered. Do not forget also to look at class pages on our website as well as our Twitter feed and Facebook page which are regularly updated with news and events.

Thank you to all the parents who supported with holiday homework projects in preparation for the new term. Each week in Years 1 to 6 we send home a literacy and maths task as well as some tricky spellings. We encourage children to look, say, cover, write, check when practising spellings and there is a list of common words that children should know in their homework diaries.

In two weeks' time we will be celebrating Work and Enterprise week with a range of activities including trips and visits to places of work. There will also be visits from parents/carers from different professions and an entrepreneur's fayre after school. Work and Enterprise Week forms part of our personal, social and health curriculum which encompasses life skills and ways to be safe, healthy and happy.

We have listed key dates on the back of this newsletter including new coffee morning themes to which all parents are invited to drop in. Please make sure you take note of our holiday dates as we will not authorise absences outside of the 3 months that children have as holiday each year. We monitor attendance very closely with the aim that our pupils get their full 190-day educational entitlement each year. Our classes start with learning activities from the very start of the day, so lateness means that practise of key skills such as handwriting, number facts or spelling will be missed, as well as being disruptive for the rest of the class.

Communicating with our community is an important part of what we do. Making sure you get timely information about activities and events is something we care about. For questions and concerns, class teachers are always happy to speak to you when you pick up your child at the end of the school day. Alternatively, you can contact the school office to arrange an appointment. Our senior leaders are also available at the school gates at the beginning and end of the day to answer any queries, questions or concerns.

Thank you for your support.

Exploring Transport Systems

The children in EYFS are reading 'Whatever Next' by Jill Murphy, related to this half term's topic of transport. They have also been sharing their experiences of using different modes of transportation while learning about vehicles that we use in everyday life and for special occasions.

Identifying Website Features

Year 2 have started their new computing topic by looking at E-Safety and how to recognise whether a website is appropriate for children. By observing features of a few child friendly websites, they have been able to create a checklist of features to help them identify age-appropriate websites.

Bill's New Frock

Year 3 have been reading 'Bill's New Frock'. They have especially enjoyed getting into character and answering hot seat questions which has really helped them learn more about Bill's personality and how he was feeling throughout different parts of the story.

Learning Mapping Skills

As part of their Mapping unit in geography, Year 6 were tasked to draw accurate maps of the playground. Previously, they utilised ICT to draw an accurate floorplan of their own bedrooms. In future lessons, they will learn to read map coordinates and use a compass to follow simple directions.

Junior Citizens Workshop

This week, Year 6 took part in a Junior Citizens workshop at JCS Youth Hub. Whilst there, the children learnt about how to keep themselves safe online, on the road and at home. They particularly enjoyed working alongside other schools and finding out about the role of cyber police.

Attendance

As a school we take punctuality very seriously and we are proud that our children are at school and in their class lines at 8.55am. This means children have a settled and uninterrupted transition into the school, and teachers are able to ensure the day starts promptly. Thank you for your continued support!

Whole school attendance for last week was 91.6%.

Well done to Year 5 Orchid class, the weekly winners with 98.3%.
