### Dear Parents and Carers,

We have lots of exciting news and events to share with you from the last two weeks. Although reading, writing and counting will always be a central part of what we teach we are also keen that our pupils receive a wide and rich curriculum which inspires learning in other areas and teaches other life skills too.

Children's Mental Health Week has been celebrated this week. The theme this year was 'Express Yourself'. Children have learned that expressing yourself means telling and showing others what you feel, and have understood the importance of noticing and naming feelings in order to process emotions. A special day this week was Safer Internet Day. It is celebrated globally each year to promote the safe and positive use of digital technology for children and young people, and to inspire a national conversation about using technology responsibly, respectfully, critically, and creatively. Our digital leaders led assemblies and a discussion session took place in the classroom facilitated by teachers. Keep a look out on the school website for some top tips for staying safe online created by children across our Federation of schools!

We have been horrified by the news of the devastating earthquakes taking place early this week in Turkey and Syria. Our thoughts are with all those affected. Hackney is home to one of the largest Turkish and Kurdish populations in the country. We know that this awful event will have an impact on our school community, especially on those that have relatives or friends directly affected by the earthquakes. We will be raising money for the earthquake appeal fund and if you need further support, our learning mentor can be contacted via the school office.

If you have moved or changed your telephone number recently please make sure you have let the school office know. It is essential that we can contact you quickly in case of an emergency. A contact number and email for our office are on the back of this newsletter.

The first half of the Spring term seems to have gone by very quickly, the school closes for the half-term break today, Friday 10th February. The school re-opens for children on Monday 20th February at 8:55 am.

Thank you for all of your support.

**Ms Rachel Adams - Headteacher | Ms Rachel Davie - Executive Headteacher**

### Reminder

**Persistent absence and lateness will affect a child's achievement and progress in school.**

**Comprehensive research shows that there is a direct link between a child's level of school attendance and their level of school attainment.**

**Be on time at five to nine!**

### Transport Trip

EYFS had an amazing time visiting Hoxton Overground Station where they discussed different routes, maps and train speeds, whilst also expanding their knowledge of public transport safety rules. Some of the children shared their experiences of the subway in New York and the Frecciarossa train in Italy.

### Creating Clay Models

Year 1 have been looking at 3D forms in art and design. They have explored a range of materials such as metal, wood and clay, and have practised lots of different sculpting methods such as pinching and rolling to help with producing their own sculptured clay animals. They were extremely proud of their final outcomes.

### Primrose PE Champions

This week Year 6 Primrose class took gold for being the PE champions! Every week at Hoxton we celebrate the winning class within each Key Stage who have managed to bring their PE Kits into school so that they can actively and safely participate in PE lessons. Well done, Primrose class!

## Recycling Training

Last week, the Eco Warriors completed a waste audit with Hackney Council's Sustainability Leader, Kelly. During the session, they found out what types of material should be put into recycling bins and will present their findings to their peers during their class circle time.

## Enterprise Fayre Artwork Winners

Children were invited to create artwork about a job role that inspires them as part of an art competition. There were some fantastic entries displayed at last week's Work and Enterprise Fayre. A special well done to Aleena whose work was chosen as first place.
