Agenda Items:

Item	Discussion	Action
Wellbeing Activities	Action: Introduce a 5-minute well-being activity at the end of class council meetings. School Councillors to lead a breathing/stretching activity with their classes. We discussed with one another and rehearsed leading the session.	HS to tell teachers about the plan in briefing to support with initiative.
School Values	Action: Learn the school values and understand what they mean. HS asked if they could name each of the values. We could remember all six of them and knew that this term the focus is resilience. Discussion points from Class Council: <ul style="list-style-type: none"> - Resilience is trying hard on your own before asking a teacher. - Resilience is trying to something that's hard but keeping on trying. - Resilience is never backing down and pushing yourself to the limit. - Resilience is not giving up and trying again. 	Promote following school values in the school.

	We discussed that we could support each other to be resilient by encouraging our friends to try and to praise people when they show resilience.	
Football promotion for girls	<p>Action: Create a girls' only football space.</p> <p>Last meeting, we decided that we would like a girls-only football time in the week. HS spoke to Ms Shola and agreed that at Monday AM breaktime girls can play in the football pitch. We agreed that we would trial it and then give feedback in the next meeting. We practised giving our announcements in class.</p>	School Councillors to tell classes the news.
Pop Up Hut	<p>Action: Create a reading space in the playground.</p> <p>Last meeting, we talked about creating spaces for reading in the playground. HS announced that there will be a Pop Hut in the playground attached to the football cage that is full of books. Children will be allowed to borrow books and take them home. School councillors should speak to classes about keeping the books tidy. We agreed that librarians should support with this.</p>	School Councillors tell classes about the Hut and remind them to look after the books.
<p>Next Meeting: Spring 1 Week 4 Focus: Calm corners</p>
